Office Chairs

PB1201 DELUXE OFFICE

Every PB1201 chair is professionally designed to provide to the natural curvature of the human spine. The back is a very sensitive area, bones and muscles are often tense and exhausted after long periods of sitting. The integrated headrest and armrests provide a sturdy resting spot for your head and arms stabilize your body in an ergonomic position. PILOT cutting edge design for the office seat market-seat cushion extension function-enables ultimate seating experience.

DELUXE DESIGN

The seat cushion is extendable up to 60 mm by 10 mm increments.

PB1101 OFFICE

PB1101 Seat cushion extension function guarantees the ultimate custom seating experience. With PB1101 you can often save yourself the annoying neck, shoulder and other body aches common in office jobs. PB1101 is a seat that makes the experience of sitting more comfortable and healthy thanks to the subtle and detailed design and the best quality of the fabric the chair is made of. PILOT seats are designed by compact high quality product, adding to the chairs "personal comfort" feel and ensuring long lasting support.

SEAT DEPTH

The seat depth adjustment enables to access support from the chair back without cutting off circulation at your knees.

PB1098Q OFFICE

PB1098Q adjustability can be customized to your body, providing the support you need where you need it. Working while sitting with the air lumbar, armrests and headrest support reduces strain to your body: minimizes shoulder and spinal loads. Detailed design and the best quality of the fabric the chair is made of.
